Salt Lake City, Utah 84116-3156

801-538-7240

February 26, 1988

NOTICE TO ROAD CREEK DISTRIBUTION SYSTEM WATER USERS:

In accordance with Title 73, Chapter 5, UCA 1953 a meeting of Road Creek Distribution System was held on January 28, 1988 at 10:00 A. M. in the Wayne County Court House. However, none of the water users were represented at the meeting.

It is our understanding that recent sales of land and water rights have resolved some of the distribution problems which have arisen in the past. Based on this information, and also the apparent lack of interest of the other water users, it is felt that a distribution system with a river commissioner is no longer needed in the Road Creek area. Therefore, it is proposed to disband the Road Creek Distribution System.

At the present time there is approximately \$490.00 in the Distribution System Trust Fund. It is proposed that the remaining funds be distributed to the water users or their successors proportionately on the basis of the last assessments which were paid to the State Engineer.

If we do not receive any protests by April 1, 1988, we will assume that disbanding the system meets with the approval of the water users. If this is the case, it will be so ordered and the trust funds will be distributed as described.

Sincerely,

Robert L. Morgan, P. E.
State Engineer
